ABOUT US

Founded in 2007, Neo Bright Express Transport Pvt. Ltd. (NBET) has grown from a regional courier company, formerly known as North Bihar Express, into one of India's trusted logistics and supply chain solution providers. With a strong presence across Bihar, Jharkhand, Uttar Pradesh, Delhi/NCR, West Bengal, Uttarakhand, Odessa, and an expanding PAN India network, NBET delivers reliable, technology-driven transportation and warehousing solutions that help businesses move faster and operate more efficiently.

Today, NBET operates over 5,00,000 sq. ft. of warehousing space and an extensive branch network, serving leading brands across FMCG, pharmaceuticals, electrical, retail, direct selling, and industrial sectors. Backed by state-of-the-art infrastructure, tech-enabled operations, and a passionate team of professionals, we offer comprehensive solutions including PTL, FTL, cargo movement, warehousing, and 3PL services. Guided by our core values of trust, integrity, and customer commitment, we continue to elevate supply chain performance and create long-term value for our clients across India.

OUR VISION & MISSION

OUR MISSION

To deliver reliable, efficient, and cost-effective logistics solutions with a "Yes, Can Do" approach, ensuring safe handling, accurate inventory management, and timely movement of goods while transforming complex supply chain challenges into dependable outcomes that empower our clients' businesses to perform at their best.

OUR VISION

To become a trusted and future-ready logistics and 3PL partner by leveraging advanced technologies, innovative processes, and operational excellence to set new benchmarks in reliability, efficiency, and customer satisfaction across transportation, warehousing, and distribution services.

VALUE ADDED SERVICES

"LOGISTICS IS MORE THAN MOVING GOODS —IT'S ABOUT ADDING VALUE AT EVERY STAGE OF THE JOURNEY."

INVENTORY MANAGEMENT
Our advanced inventory management system ensures accurate stock tracking, organized storage, and real-time visibility across the warehouse. By leveraging technology-driven processes, we help optimize inventory control, improve operational efficiency, and minimize errors.

PRODUCT RECONFIGURATION
We offer customized product reconfiguration services, including labelling, kitting, bundling, stickering, repacking, inspection, repair, and rework, enabling products to meet specific customer and market requirements before dispatch.

REVERSE LOGISTICS
Our efficient reverse logistics solutions simplify the return, replacement, refurbishment, and recovery process. With streamlined operations and technology-enabled tracking, we ensure fast, transparent, and hassle-free returns management.

HOME DELIVERY & PRODUCT INSTALLATION
We provide reliable last-mile delivery and on-demand product installation services. Supported by strategically located warehouses and a GPS-enabled transportation fleet, we ensure timely deliveries, real-time shipment visibility, and a seamless customer experience.

SEEMLESS API INTEGRATION

Enabling real-time connectivity between enterprise systems and logistics operations for faster, smarter, and more efficient supply chain management.
